VA Medical Center - Durham

New Research Building

This project will construct a new research building adjacent to buildings 9 and 14. The contractor has started construction. Look for five-floor building that will nearly double the VA research laboratory space coming to our campus in summer 2012. This project will help recruit high-quality providers and attract researchers top in their field.

DURHAM VA RESEARCH FACTS

Research Building Opening	Summer 2012
Research Investigators	140
Research Projects in FY10	453
Research Expenditures FY10	\$31 million

“This new building will enhance our ability to develop innovative ways to improve the health and well-being of Veterans. It will be a place for top-quality Investigators to pioneer research that will advance the healthcare of Veterans, and the public, for generations to come.”

Ralph T. Gigliotti, FACHE
Medical Center Director
